Tiuta scoops Best Bridging Finance Provider award for 2nd consecutive year

Tiuta PLC has scooped the coveted Best Bridging Finance Provider at the prestigious *Business Moneyfacts* Awards for the second consecutive year.

The *Business Moneyfacts* Awards gala dinner, in association with the NACFB, was held on Thursday 25th March at the London Marriott Hotel, Grosvenor Square in London. Rigorous product monitoring is carried out throughout the preceding year to determine the winners with the broker community also consulted for their feedback.

George Patellis, CEO at Tiuta, commented:

“To be awarded the Best Bridging Finance Provider in a highly competitive field, is a great achievement in itself but to have won this for two consecutive years proves that we are doing something right and fills all the staff at Tiuta with great pride. This award acknowledges the continued focus we place on dealing with both our intermediary partners and our customers. 2010 is an exciting year for Tiuta as we have ambitious growth plans in the pipeline and we will certainly continue to work hard to try and replicate our success for next year as we aim for the hat-trick.”
